stacked pebble

With the **Stacked Pebble**, Island Stone has taken the Pebble tile in an exciting new direction, using the side edge of the pebble as the feature profile, rather than the flat face of the stone. Stack these tiles on top of each other, then stand back and admire the effect!

With their uniform horizontal appearance, and varying pebble heights, our **Stacked Pebble** tiles create a stylish contemporary look. Ideal for water features, large area feature walls and a host of other indoor and outdoor applications.
