perfect pebble

Our original Perfect Pebble tile range is the first and finest mesh-backed pebble tile in the world. Firmly established as an international best-seller, it features our unique patented interlocking system and is available in an extensive range of colours.

The stones are hand-sorted to ensure only the highest quality pebbles are used, achieving a consistency in size, colour and flatness profile.

To achieve an even more dramatic effect, mix and match Perfect Pebble tile borders with the Perfect Pebble tiles.
